Term 6

Learning Journey – Science and Art

This term the children will be answering the question, **'How can I keep my body healthy as it grows and changes?'** This journey will focus on science and art. In science the children will be looking at: blood, what's in it and why we have it; the heart, how it works and why and the circulatory system and how important it is. In art the children will be focusing on modernism and studying the modernist Henry Moore. They will be working towards creating their own piece of sculpture which will interpret their own thoughts and feelings of what a heart is.

RE

Does belief in Akhirah (life after death) help Muslims lead good lives?

This term, the children will be learning about the belief of Akirah and analysing how they think this could impact the perception of whether a person has lead a good life. This is a double term topic.

Computing

This unit on programming will allow pupils to apply skills taught previously.

Music

During this term, Year 6 will be consolidating their learning that has occurred during the year. All the learning is focused around revisiting songs and musical activities, a context for the History of Music and the beginnings of the Language of Music

PE

This term year 6 will be doing a mix of activities in PE this term. As well as learning tennis and all the throwing and catching skills associated with the sport, they shall also be practising a mix of athletic skills for sports day.

PSHE

Being My Best Year 6's SCARF unit this half term is 'Growing and Changing'. They will be learning about puberty and growing up as well as looking at media and online issues.

Leavers events

As this is year 6's last term there will be lots of news on leavers events and high school transition dates. Please keep checking your emails and arbor for updates.
