

# Key Instant Recall Facts (KIRFs)

Year 5 Summer term 1

**I can round any number to the nearest 10, 100 and 1000 within 100,000**

This term's KIRF is to be able to round any number to the nearest 10, 100 and 1000 within 100,000.

**Rounding to the nearest 10, 100, and 1000** allows us to approximate the size of a number.

We need to identify the number to the **right** of the tens, hundreds or thousands column depending on what we are rounding to.

If this number **less than 5, round down. (5, 50, 500)**

If this number is **5 or more than 5, round up. (5, 50, 500)**

## Top Tips

- The secret to success is practising little and often.
- Use the halfway marker of 5, 50 or 500, to help with rounding.
- Link rounding to which multiple of 10, 100 or 1,000 is it nearest to.

## Questions to Ask

- What is the current ..... value? (tens, hundred, thousand, 10 thousand)
  - What is the next thousand?
  - Which thousand is ..... nearest to?
- There are 42537 people watching the football, what is this to the nearest 10, 100 or 1,000?

## Game Idea

Take 4 playing cards – arrange to make a number, state nearest 10, 100 or 1000
