

1st November 2023

To the Parent/Carer of all children in Squirrel Class

Dear Parent/Carer

Year 1 Walk in the Woods

As part of our science learning journey, Year 1 children will be exploring trees, their environment and how they affect the world around us.

To enhance this learning and help understand the topic in greater depth, the children of Squirrel class will be walking around Mercer's Wood on Monday 6th November.

Children will walk around Mercer's Wood, accompanied by members of the school staff, where they will observe different trees, the environment they grow in and how they benefit us.

Children will return to school and continue their learning in the classroom. Please ensure that your child is wearing clothing suitable for the weather conditions on the day and wear shoes that are appropriate for walking on uneven ground.

Yours sincerely

Mr K Ola
Head of School
