

Key Instant Recall Facts (KIRFs)

Year 2 Autumn term 2

I know addition and subtraction facts of multiples of 10 to 100, using my number bonds

This term's KIRF is to know addition and subtraction facts of multiples of 10 to 100, using their knowledge of number bonds to 10 to support.

For example:

$$10 + 90 = 100$$

$$20 + 80 = 100$$

$$30 + 70 = 100$$

$$40 + 60 = 100$$

$$50 + 50 = 100$$

$$60 + 40 = 100$$

$$70 + 30 = 100$$

$$80 + 20 = 100$$

$$90 + 10 = 100$$

$$100 + 0 = 100$$

Top Tips

- The secret to success is practising little and often.
- Use time wisely. Practise on the way to school or during a journey.
 - Use what you already know. E.g. If $3 + 7 = 10$, $30 + 70 = 100$
 - Use practical resources to help, including 10p

Questions to Ask

- I have 40, how many more conkers would I need to make 100?
 - I have 30p, how much more to make 100p?
