

3rd September 2024

Dear Parent/Carer

Educational visits for 2024 – 2025

In order to give you as much information in advance as possible, below are a list of trips that we have currently planned for the 2024 – 2025 Academic Year. We hope that by informing you of these trips now, you will be aware of cost implications and be able to plan accordingly. Within the next few days, you will be able to start paying for some of these trips on Arbor and this will allow you to spread the cost of your payments. Whilst we do set aside funds to help run our trips, we are unfortunately unable to cover the full costs of these.

As with all our trips, these can only go ahead if we receive sufficient contributions from parents. Contributions are voluntary and our payments will remain open until the end of the summer term. All donations are greatly appreciated. If we can cover the full cost together, we will be able to enhance your child's learning in the way in which we believe is most beneficial to them.

If you wish to discuss any trip costs or payments please contact the school office.

Yours sincerely
